## ECOSYSTEM SYMPOSIUM

### Recovery and Resiliency: Preparing for the Future

**March 14, 9:00 to 2:30**

**Mark your calendars for  
this year's Boulder  
County Ecosystem  
Symposium,**

This year's focus is on recovering threatened and endangered species in Boulder County. As always, the symposium is free and open to all.

**We will be moving to the  
Boulder County Parks and  
Open Space Prairie Room on**

**St. Vrain Road just east of 75th St.**

Recovery and Resiliency: Preparing for the Future

23rd Annual Boulder County Ecosystem Symposium

Saturday, March 14, 9-2:30  
Boulder County Parks and Open Space, Prairie Rooms  
(5201 Saint Vrain Rd, Longmont)

- The Symposium is free and open to the public.
- Donations will be accepted for the Boulder County Nature Association's Research Grants program.
- Don't forget to bring your reusable plate, cup and utensils for the complimentary lunch.
- Many thanks to the sponsors who make this symposium possible: Boulder County Nature Association, Boulder County Parks and Open Space, Boulder County Audubon Society, Boulder Rights of Nature, City of Boulder Open Space & Mountain Parks, and the Colorado Native Plant Society.

Photo by Steve Jones

Expect interesting talks and hopeful stories about black-footed ferrets, ladies-tresses orchids, peregrine falcons, Canada lynx, and more.

Sponsored by Boulder County Nature Association, Boulder County Audubon Society, Boulder County Parks and Open Space, Boulder Open Space and Mountain Parks, Boulder

Rights of Nature, and Colorado Native Plant Society.

**BCNA MAKES An IMPORTANT  
CONTRIBUTION TO OUR  
UNDERSTANDING OF PIKA ECOLOGY**

***Report from the Front Range Pika Project***

BCNA has contributed to this robust multi-year citizen science project to better understand the long-term effects of climate change on this alpine species.

This is one of many important science-based studies we have proudly supported for five years. Find out more by at the link below (Photo by Mike Molloy)
